PREFACE

This directory lists, alphabetically by State and city, the names, addresses, and telephone numbers of the organizations and people who are able to reach minority groups to tell them about affirmative action programs for job training and job opportunities. At the end of many of the State entries are listed organizations which have statewide or regionwide contacts with special groups, such as Indians and Spanish-speaking persons. The directory was prepared by the Bureau of Apprenticeship and Training of the U.S. Department of Labor's Manpower Administration.

The National Association for the Advancement of Colored People, the Urban League, the Post Office Department, the Bureau of Indian Affairs, the Cabinet Committee for Equal Opportunity for the Spanish Speaking, and other organizations helped in this compilation. Appreciation is expressed to these organizations.
